

One For All

ONE FOR ALL

The VIA is the foremost Victorian organisation for the inclusion of all children in education and care. Community Child Care Association (CCC) is the lead agency in delivering the VIA and works in partnership with KU Children's Services (KU), a respected early childhood education provider, and Yooralla, one of Australia's largest disability service organisations.

The VIA envisions a future where all Victorian children can meaningfully and actively participate in an education and care service of their family's choice in their community.

Talk to us today about the ways we can help your service remove barriers and support the inclusion of all children. Our service is free.

Meaningful participation for all children in education and care

The Inclusion Support Programme (ISP) is funded by the Australian Government Department of Education and Training.

ONE FOR ALL CHILDREN

The **Victorian Inclusion Agency** (VIA) delivers free inclusion support services under the Australian Government's Inclusion Support Programme (ISP).

Our goal is meaningful participation for all children in education and care. We help early and middle childhood services to support children with additional needs, such as:

- > Children with a disability or undergoing assessment
- > Aboriginal and Torres Strait Islander children
- > Children from culturally and linguistically diverse backgrounds
- > Children from refugee or humanitarian backgrounds
- > Children with serious medical conditions
- > Children presenting with language and speech delays
- > Children presenting with disruptive behaviour.

ONE FOR ALL SERVICES

The VIA is a valuable go-to for eligible education and care services including:

- > Long day care
- > Outside school hours care, including vacation care
- > Family day care
- > Occasional care
- > Multifunctional Aboriginal Children's Services (MACS).

We also work with In Home Care services when supporting children to move into mainstream education and care.

With 14 offices and 60+ Inclusion Professionals across Victoria, the VIA helps services to:

- > Be ready to include every child
- > Have positive, productive relationships with families and proactively reach out to new families
- > Provide quality education and care throughout the day in every setting
- > Reflect the diversity of their community
- > Be confident, connected and partnered with local community services.

ONE FOR YOU

The VIA can work collaboratively with your service, helping your team to reflect on and build their inclusive practices. Our Inclusion Professionals offer:

- > Help developing a Strategic Inclusion Plan (SIP)
- > Program support and practical strategies
- > One-to-one and group mentoring
- > Participation in local networks and links to community services
- > Access to specialist equipment and funding to support children with additional needs
- > Access to Innovative Solutions funding that empowers services to find solutions to their inclusion challenges
- > Free online resources that support good practice.
